# EMIN PEĆANIN

FESTIVAL DIRECTOR / *direktor Festivala*

"Infinity Festival is an opportunity for all young people, especially those from smaller communities in Serbia, with reduced opportunities, to meet, see and hear about the experiences of other young people from all parts of the world, and then apply those experiences in their smaller communities, and thereby initiate changes from the local to the national and even international level, which is precisely the process of development of our Festival. Our goal is to have more young people as participants than as visitors to the Festival".

*"Infinity Festival je prilika za sve mlade ljude, a naročito one iz manjih sredina u Srbiji, sa smanjenim prilikama i mogućnostima, da upoznaju, vide i čuju o iskustvima drugih mladih ljudi iz svih delova sveta, a onda ta iskustva primene u svojim manjim zajednicama, i time pokrenu promene sa lokalnog ka nacionalnom, pa čak i međunarodnom nivou, što je upravo i proces razvoja našeg Festivala. Naš cilj je da imamo više mladih ljudi kao učesnika nego kao posetilaca Festivala".*
